Objective

A motivated and detail-oriented third-year BS Information Systems student passionate about web development and user-focused design. I aim to grow as a developer by applying classroom knowledge into real-world web projects while continuously improving through collaboration, feedback, and hands-on experience.

Education

La Verdad Christian College	Bachelor of Science in Information Systems	2025 – Present
	Associate in Computer Technology	Graduate, 2024
Arellano University – Andres Bonifacio Campus	Senior High School	Graduate, 2022
	Junior High School	Graduate, 2020
Sto. Tomas De Villanueva Parochial School	Elementary	Graduate, 2016

Technical Skills

Languages: HTML, CSS, Python, C++, C#, PHP, JavaScript, Java

Backend: Laravel

Libraries: React (learning)

Database: MySQL, phpMyAdmin

Design Tools: Figma

Version Control: Git & Github (learning)

Projects

SecreQuery — [GitHub Repo](#)

A web app for class secretaries to manage attendance, notes, and events. Built with Laravel, it strengthened my skills in notifications, helper functions, and background job processing.

Digibook — [GitHub Repo](#)

An interactive Florante at Laura e-book with gamified learning features. Though it didn't reach the MVP, it taught me to define scopes clearly and prioritize core features.

Memoryte — [GitHub Repo](#)

A note-taking web application and my first Laravel project to practice CRUD fundamentals, routing, and database management.

Certifications & Awards

C++ Programming Certification — Udemy (Online)

CTF Online Certification — Cybersecurity Fundamentals

Gold Medalist, Associate in Computer Technology — La Verdad Christian College

Extracurricular

Supreme Student Government (SSG) — La Verdad Christian College

ACT Course Representative (2023–2024)

Auditor (2024–Present)

Interests

Games and creative works that emphasize strong storytelling, meaningful design, and community — inspired by developers like Eric Barone (Stardew Valley) who value craftsmanship and purpose in software creation.
